

## FINANCING

The City of Munich paid for the repair and renovation of the building, and signed a contract for its use with the Trägerkreis EineWeltHaus München e.V. The Cultural Affairs Department of the City of Munich provides the basic financing for personnel and supplies.

Additional funds needed for special purchases, events, and additional staff must be provided by the Trägerkreis and the groups. So the EWH is especially dependent upon donations.

## WHO AND WHAT WE ARE

In July 2001, the EineWeltHaus opened, as a project of the Munich Local Agenda 21 group. A place was created where people from all cultures are active together in a spirit of peace and solidarity.

Openness, tolerance, diversity, and understanding characterize the EineWeltHaus, a place for dialogue and solidarity among people of all nationalities.

It is a house full of life, where questions of intercultural relations, migrants' problems, and of aid and development are discussed, and a wide variety of cultural highlights such as readings, exhibitions, concerts, and film showings are offered.
